

# Better BEDFELLOWS

This month our decor editor reflects on his favourite bedrooms and designers over the last year: why they work so well and how you can bring their style into your own bedroom

# Shaker, BRIT STYLE

## Get the look

I admire UK-based interior designer Sean Cochrane for his versatility. In our November 2010 issue we went mad for the glamorous master suite in his Victorian terrace. Here he has updated an ascetic Shaker look with tongue-in-cheek cool Britannia accents. I love it for its originality, warmth and humour.
