ART DECO ELEGANCE WITH AN IBIZAN TWIST

IHP 2016 – Europe –
Hotel Under 200 Rooms –
Winner

Cochrane Design Limited
Hotel Es Vivé

“

**THEY CAPTURED THE STYLE,
CLASS AND SOPHISTICATION OF THE
ART DECO ERA PERFECTLY**

”

Situated on the beautiful island of Ibiza, Es Vivé is a true landmark of the White Isle. One of the best known and most alluring hotels on the island; legendary for its style, level of service and fabulous pool parties. Hotel Es Vivé, reputed to be the original rock and roll hotel, with deep roots in the island's contemporary culture was originally built as a private residence in the 1940s, it is now one of the very few listed buildings on the Island.

Es Vivé was recognised at the International Hotel & Property Awards 2016 in September, when Cochrane Design claimed the Hotel Under 200 Rooms Award for Europe with this chic and timeless transformation.

Es Vivé's loyal clientele are a mix of fashionistas, designers and the club circuit's high fliers. The owners were keen to offer their guests an experience that was more befitting to the hotel's roots and so commissioned Cochrane Design to create an Ibiza destination with a difference, Art Deco was the agreed design direction. The exciting 1940's period inspired the design, mixing the bold lines and sweeping curves of the time to capture the essence of a bygone era full of elegance and fashion.

Sean Cochrane, creative director at Cochrane Design, has a reputation for balancing contemporary details with

classic style and luxury. The cohesive design, layout and seamless blend of styles is key to making the hotels aesthetic a success.

The hotel has 52 tastefully appointed rooms and suites with wonderful sea views from inviting balconies. The innovative interior decors make each room unique, having been lovingly designed to perfection and embracing the distinct art deco style. Every room and suite is offset by a luxurious marble bathroom, stylish furnishings and equipped with all the facilities desired from a luxury hotel.

Es Vivé has a wonderful sun terrace, a calm poolside atmosphere, an on-site spa, a chic and intimate bar and a luxe restaurant.

On first entering the restaurant, a striking symmetry draws diners toward the monolithic pearlescent bar with the bespoke floor acting as a cat walk through the centre of the room. This stunning floor was created using Ibiza Bianca marble inlaid with veined black marble in an Art Deco inspired pattern. Silver leaf and antiqued mirror elements add provenance to the interior. The chandeliers, hanging lights, mirrors and bar were all designed by Cochrane Design and were imported from Italy and London. The hotel owners were delighted with the design, with Jason Bull commenting "my favourite feature of the hotel is the restaurant. It was the first task within the hotel that Cochrane Design undertook and they captured the style, class and sophistication of the art deco era perfectly".

Every element down to the studded leather chairs, polished chrome feet, back plates and marble table tops as well as the coved ceiling with the stepped detail cornice, has been carefully considered to inspire the feeling of 1930's elegance with an Ibizan twist.

Hotel Es Vivé presents contemporary Art Deco which seamlessly reflects the Ibizan style. Every room in the hotel has been so carefully considered, that it's difficult not to feel at home. The luxurious refinements adding a feel of distinguished opulence to every room. Today, with its iconic design features, striking colours and wonderful attention to detail, Hotel Es Vivé is the epitome of timeless style, sophistication and luxury – a stylistic nod to the hotel's art deco heritage.

Cochrane Design provides a comprehensive design service for private clients, developers and hoteliers throughout the UK and abroad. Creative Director, Sean Cochrane, and the dedicated team of talented designers handle all aspects of design, co-ordination, installation and dressing. Every detail is carefully considered from space planning to lighting, bespoke joinery and cabinetry, furniture and soft furnishings. Through careful consideration of clients' requirements they strive to deliver a personalised service of outstanding quality.
